

Electronic request to file extended X

It is the student's responsibility to read and understand the Extended-X policy prior to submitting form.

By action of the Bloomington Faculty Council (May 3, 1994; amended October 10, 2013):

"Any undergraduate student may retake a course for which he/she received a grade below an A. A student may exercise this option for no more than three courses, totaling no more than 10 credits. A student may use this option only once for a given course. The student's transcript shall record both grades, and both classes must be IU courses. For the course retaken, only the later grade shall be counted in the determination of the student's grade-point average (GPA). Any GPA calculated in accord with this policy shall be marked with an asterisk denoting that a lower grade has been replaced by a later grade in the course."

Note: *The record notation of an "X" to the left of the course excluded from the GPA has been substituted for an asterisk denotation mentioned in the original policy.*

Extended-X (Amended-FX) Implementation Policies

The following decisions were made by the Bloomington Faculty Council on March 6 and 20, 2001, with regard to implementation of the Bloomington campus grade forgiveness policy, and amended on April 21, 2009, with regard to elimination of the 45 hour rule restriction and modification of the application deadline, and October 10, 2013, for clarification on courses retaken at least twice:

1. Only courses attempted during or after the Fall 2001 term will be eligible for replacement under the policy. Provisions approved April 21, 2009, go into effect for the Spring 2010 term.
2. The following grades **cannot** be replaced under the Extended-X policy: S, P, W, I, R, NC.
3. GPA credit hours for the replaced course will be removed at the point at which the course is replaced.
4. Courses repeatable with different content are not eligible for replacement under this policy unless a unit chooses to permit this by means of a specific authorization procedure.
5. A student may not request reversal after asking for and applying the GPA exclusion.
6. A student may not replace a grade with a second grade of W, I, R, or NC.
7. Any earlier graded instance of the course in question can be considered in application of the Extended-X policy, so that when a course has been taken more than two times, the lowest of the earlier graded instances can be designated for GPA exclusion.
8. Students who re-enroll in a course must indicate to the school of their major or to Advising & Major Exploration Services, as appropriate, their intent to apply the Extended-X policy to a specific course by the Pass/Fail deadline specific to that course. **DEADLINE NO LONGER APPLICABLE AS OF BFC DECISION January 2012**
9. The Extended-X policy will adhere to the FX policy (*UFC documents 1975, 1976, 1979, 1984, 1987*) administrative practice and guidelines regarding exceptional cases, where these are not in conflict with the provisions of the Extended-X policy nor with these Implementation Policies. A statement of the applicable practices has been compiled and is on file with the Vice Provost for Undergraduate Education and with the Office of the Registrar.
10. In implementation of the Extended-X policy, as under the FX policy, Bloomington joins all other campuses in honoring the principle that the grade forgiveness/course retake policy on the degree granting campus is applicable for each student. Hence, if an IUB student transfers to another campus with more liberal grade replacement policies, IUB will honor requests for that campus, on behalf of the student, to replace an IUB grade that may not be replaceable under IUB policy. Were the student to return to IUB for graduation, however, that course exclusion would not apply.

Notes: *Some schools may not honor this policy for purposes such as school admission, graduation, and probation determination.*

Undergraduate courses beyond the first 45 hours retaken prior to Spring 2010 will not be eligible for Extended-X due to the policy restrictions in effect at the time the course was retaken and also due to the application deadline for the retaken course being past.
